## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(c), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on July 16, 2008 has been entered.

### ***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 8-14, 17, and 18 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

4. Claim 8 recites the limitation "the said openings" in the next to last line. There is insufficient antecedent basis for this limitation in the claim. When compared to the recitation of "a plurality of upper air passages each opening from a spline", which is the only other recitation of "opening" in the claim, there does not appear to be a positive recitation of an actual opening. Only that the air passages open from a spline. So, it is unclear if the limitation "the said openings" is referring to some other openings or the upper air passages themselves.

Claims 9-14, 17, and 18 depend from this indefinite claim and are also indefinite.

***Election/Restrictions***

5. This application contains claims 1-7 drawn to an invention nonelected with traverse in the reply filed on October 17, 2007. A complete reply to the rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

***Allowable Subject Matter***

6. Claims 15 and 16 are allowed.

***Response to Arguments***

7. Applicant's arguments with respect to claim 8 have been considered but are moot in view of the new ground(s) of rejection.
